The proposed floorplan to-be-built on this homesite is Caruso Home's Norman plan - a great family plan with a giant loft! The first floor has a spacious open concept, connecting the great room with optional fireplace, dining room and kitchen. The kitchen features a large island, walk-in pantry and stainless steel appliances. The laundry room is on the main floor, and we offer multiple options including a sunroom, screen porch and deck or porch. The bedrooms are located on the second floor, including the large owner's suite with optional tray ceiling, master bath with tub and shower and walk-in closet. The second floor has a giant loft but can be made smaller in order to accommodate a game room or add an additional full bath. Need more space? Add the finished attic for additional recreation area and a flex room/bedroom with another full bath.

Displayed pricing includes the cost of the lot and featured floorplan. Other floorplans are available for construction.
